December 2021 - Nederlandse versie op www.duinzuid.nl

Dune hall and Pier39 open!

There are more and more facilities in Duin. And what we are happy with the opening of the beautiful supermarket Plus Duin and the cozy Bar & Kitchen Pier39! There are still many ideas to organize social activities with Mijn Buurtje and the local entrepreneurs in Duin. Like Samen Cooking, a Wine Tasting. Recently Pier39 already organized the Pub Quiz and a Pieten Brass band walked through the streets of Plus Duin. In January, another musical performance in the Duinhal is planned, together with Noorderduin and the Brass Band. Follow Facebook to stay up to date with all the activities!

New Year's activities in Zuiderduin

On **1 January** (if it is allowed) we organize a fresh start of the new year at Strandbad Duin. At 15:00, take a New Year's dive with your neighbors or come and cheer on the goats. We finish with mulled wine and hot chocolate (and probably there are also leftover oliebollen..).

On **January 8th** you can return your Christmas tree near the white bicycle bridge (Duinvalleiweg). Do this before 13:00! And if it's freezing hard enough this winter, we'll make another skating rink on the ice at the Dune Valley with 'Koek en Zopie'!

Dead trees, bamboo and plants (zelevenplanted)

When a self-planted tree has died, you must also remove it yourself. As previously announced, **no** new trees and plants may be (re)placed in public areas. This also applies to planted bamboo, which does not belong in the Dune and really has to go. When the municipality has to remove the trees/ bamboo, costs may be charged for this. If you need help from the residents' association, let us know!

Playgrounds initiative

The municipality and Bureau Zus have agreed an approved plan for the expansion of the playground at the play tree on the Duinbosstraat with the initiators from Zuiderduin. In addition to the play tree, there will be a tumbling rack, climbing poles and a bench. The sea buckthorns are moved.

Walk-in evening municipality development Dunearea

On **18 January** (if it is allowed), the municipality organizes a walk-in evening in the Duinhal at the Plus about the developments in the Dune area and Kreekbos. There are various information stalls where you can get information and ask questions. (Municipality, Amvest, Water Board, Art and Culture, Schools, Ecology, Marina Muiderzand, De Alliantie and the residents' associations of Duin).

Keep footpaths and sidewalks clear and safe

The municipality checked the sidewalks where they came up and they moved the electricity house that stood in the middle of the sidewalk. The residents' association will prune along the footpaths during the maintenance sessions with residents, so that the footpaths remain passable.

A call to the residents to keep the footpaths / sidewalks in front of your house free and passable for pedestrians, playing children and strollers. That means no cars, motorcycles or plants/pots on the sidewalk. Please keep the sidewalk free of gravel and possibly ice or snow. Park your car preferably with the nose forward so that you always have a good view of the footpath when you drive away carefully, so safe!

Automatic External Defibrillator (AED) in Zuiderduin

Thanks to Peter Faber, Zuiderduin now has its own AED! This hangs from the shed at Duinrugstraat 11. The people who have followed an AED course (this is reimbursed via your health insurer) and have obtained a certificate (valid for 2 years) can register with the HartslagNu app.

Collecting membership fees 2022

Membership is without obligation, but if you use the residents' activities we expect that you also pay **20 euros per year** membership fee. You can easily pay via the direct debit on www.duinzuid.nl (mail the form to info@duinzuid.nl).

Or transfer the amount before 1 March to NL82INGB0007630892 based on contribution 2022 with your street and house number. The tenants are also welcome to become a member and participate! If you have not paid or do not want to pay, you are automatically a member (more) of the residents' association.

We wish all residents happy holidays!
