

## NEWSLETTER ZUIDERDUIN

May 2022 – Nederlandse versie beschikbaar op [www.duinzuid.nl](http://www.duinzuid.nl)

### Invitation general meeting of members (ALV)

This year, residents' association Zuiderduin organizes the ALV on Monday 13 June 2022 in Poortdok. You can now register via the QR code below or the registration form on our website [duinzuid.nl](http://duinzuid.nl).

We are talking about, among other things, maintaining the vision of Zuiderduin, the management of the green and the maintenance of the ideas.

Before you sign up, check whether you have paid the membership fee for 2022.

### Public Primary School De Zeeraket

Public Primary School De Zeeraket has opened its doors in Duin on 6 April at the new location in the Kreekbos-Zuid. There will soon be a beautiful playground here, which can be used by local residents outside of school hours.

### Parking problems in the district

We receive notification that certain public parking spaces in the neighborhood are regularly full of cars from outside the neighborhood (including from residents and / or visitors of the high-rise). The problem is that visitors have to pay for parking in the parking garages under the high-rise and therefore use the public parking spaces in Zuiderduin and Noorderduin, this is allowed!

In the summer, residents expect more parking problems, with parking beach guests. The municipality asks to report the problems via [info@almere.nl](mailto:info@almere.nl). If the municipality wants to tackle this problem, this will have to be reported more often.

## ZUIDERDUIN A UNIQUE NEIGHBORHOOD IN ALMERE

### ***"What makes our neighborhood so special?"***

*There is a residents' association that everyone has basically become a member of when buying or renting. Each House Pays an annual contribution of 20 euros to remain a member. The aim of the residents' association is to maintain the ideas of Zuiderduin Hotels and to Promote the neighbouring cohesion. Every year, the Zuiderduin Residents' Association organises a General Members' Meeting. Furthermore, a website has been [www.duinzuid.nl](http://www.duinzuid.nl), and news is shared on the Facebook page. Twice a year, all residents receive a door-to-door newsletter, such as this one.*

*Together with the residents of Zuiderduin, several activities are organized every year, such as cleaning, green control, summer festival, stay-at-home concert, Christmas tree collection, SlowDuin signs and Christmas lights.*

*Do you want to help with the Neighborhood activities, do you have an initiative for the neighborhood or do you want to be part of the organization? Send an e-mail to [info@duinzuid.nl](mailto:info@duinzuid.nl). The management is looking for an extra board member and /or resident who Can help the secretariat with communication and administration. "*

### **Together we keep Zuiderduin neat and fresh**

The garden and pruning waste basket is no longer at the entrance of Zuiderduin, it did not look neat. The hive has been moved to the Dune Valley. If the hive is not there, you can take this type of dirt to the bulky waste station in Almere Poort or Almere Haven. But don't throw it at the entrance anymore.

### **Organic (BIO) waste has been changed to Almere**

The policy for organic waste has changed in Almere. GFT stands for Vegetable, Fruit and Garden Waste. In our district this is called BIO waste, from which they make compost. It is not allowed to use ordinary plastic bags, only biodegradable bags. We have stuck stickers on all BIO waste bins to remind you of this. Especially in the summer there is a nuisance from stench and maggots if the BIO waste is not thrown away in biodegradable bags.

Please note! Diapers and cat gravel must now be in the Rest waste bin! And dog poop in ordinary plastic bags also belongs to the Rest waste!

### **Summerparty Zuiderduin and Stay-at-home Concertje**

Just before the summer holidays start, the residents' association organizes another Summer party on July 9. Just like last year, we are doing this together with residents and supermarket Plus Duin. We place two air cushions in the neighborhood again and an ice cream truck comes along. Between 16.00 and 18.00 we close with a neighborhood BBQ, bring your own drinks! And for those who are still in Duin on 20 August, we organize the stay-at-home concert at the entrance of the Kreekbos!
